RESOLUTION APPROVING THE FILING OF THE BICYCLE TRANSPORTATION ACCOUNT (BTA) GRANT APPLICATION IN THE AMOUNT OF \$1,250,000 FOR THE U.S. HIGHWAY 101 BICYCLE/PEDESTRAIN BRIDGE PROJECT, CITY CONTRACT NUMBER 433

Honorable Mayor and Council Members:

Summary

Staff is seeking permission from City Council to apply for the Fiscal Year 2007/2008 Bicycle Transportation Account (BTA) grant in the amount of \$1,250,000 to fund construction of the U.S. Highway 101 Bicycle/Pedestrian Bridge Project. The BTA application is due by December 1, 2006.

Background

Construction of a bicycle and pedestrian bridge over U.S. Highway 101 is one of the City's priority projects. The project design is now complete and the City will be ready to invite bids for construction as soon as it obtains sufficient funding commitments. Public Works projects of this size are typically funded from several sources, drawing primarily from federal and state grants. The City's strategy for this project is to identify all appropriate grant opportunities and apply for grants as they become available. The City will not commit its own construction funding until such time as it accumulates sufficient grant funding to complete the project.

The current estimate for the bicycle and pedestrian bridge is \$5.5 million for construction and construction management services. The City has already secured one State BTA grant of \$585,000. The City also secured \$2.96 million from the Federal Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) through the effort of Congresswoman Anna Eshoo on behalf of the City. Staff is also watching for other funding opportunities and will recommend applying for them when they become available.

Discussion

The BTA funds local agency projects that improve safety and convenience for bicycle commuters. The BTA will provide \$5 million to city and county agencies in San Mateo County in fiscal year 2007/08 through a competitive process. The maximum amount that BTA will

award to any single project is \$1.25 million and the grant requires a 10 percent match from other sources (other grants and/or City funds). Awarded BTA funds must be expended by April 2010.

Belmont's Bicycle and Pedestrian Bridge is eligible for this grant because it includes bicycle facility improvements identified in an adopted countywide bicycle plan. The deadline for application to Caltrans is December 1, 2006.

Fiscal Impact

There is no direct fiscal impact from Council's approval of the BTA grant application. Staff is watching for other funding opportunities and will recommend applying for them when they become available. Once the City has obtained sufficient grant funding, it plans to commit City funds as a local match for construction of the project.

Public Contact

The City Council meeting agenda was posted.

Recommendation

Staff recommends that the City Council adopt the attached resolution authorizing the Director of Public Works to submit an application for the Bicycle Transportation Account (BTA) grant in the amount of \$1,250,000.

Alternatives

1. Take no action.
